37	Natan	Sebhat	Youth Leadership Trust	415-691-5730	nsebhatleab@yli.org

INTRODUCTIONS

-Welcome, housekeeping and overview of the agenda

BMAGIC COMMUNITY CONVENER MEETING

Tuesday, June 19, 2018 1:00pm – 3:00pm PST

Hosted at: 1800 Oakdale Avenue, San Francisco, CA 94124

Facilitated by: Lyslynn Lacoste, Frank Martinez and Moira Dumo, - BMAGIC STAFF

PRESENTATIONS

1. SFMTA Bike Sharing - Ariel Ward, Transportation Planner SSD Planning and Adrian Leung, Sr. Transportation Planner – they are here today to talk to our community about the bike sharing programs managed by SFMTA. They want to share how your community group and community in general can maximize the use of bike sharing. SF Muni is like the broker for the community and the city. SF Muni can help connect youth, 18 and over with bike sharing, access and with the bike share for all program. The Bike share for all is a membership for \$5, you can use your clipper card to access the program, Jump Bikes is using BOOST, and go bike has their own, now they are planning for stations in the Bayview. Adrian talked about the benefits of using bike sharing. He talked about the health and wellness benefits and the active lifestyle you would have using bike share and biking to work, dock to dock. Some questions, Is Ford Bikes moving to the dock less model? If so, that means that it would involve a smart phone to access and find it. They also shared there is a limited cash bike share station in the city, like a pilot program. Adrian and Ariel are asking community to invite them to events and community activities, they can bring bikes and do basic bike share information and talk about membership options. They passed around a flyer about it, here is their contact information... Adrian.Leung@sfmta.com and Ariel.Ward@sfmta.com [Bike Share For All](#)

2. Electronic Frontiers Association – Nash, Director of Grassroots Advocacy - EFF - been around since 1990, protect rights in the digitize world. Can present some risks, invade privacy and to be super aware about legislation and barriers. Responsible stewardship, these companies will have enough resources, but other may not, so hope to avoid financial barriers. Using multiple diversity tactics, are there ways we can be providing better tools and programs. How to avoid tracking and creating profiles, use their privacy badger, writing legislation and better ways. Works with an alliance of grassroots orgs in something states. To make sure community has the information and skills to use the internet safely. Flyers on table, at eff.org and his contact information is there also. nash@eff.org

COMMUNITY BUILDING

1. Catholic Charities - Jose Cartagena, Program Director, Homeless Prevention - Catholic Charities is a National program with major service centers, here in San Francisco, and now in the Bayview. Jose and colleagues are here today to talk about their three service areas and their access points. Liza Cardinal Hand, Communications and Marketing Manager started the presentation. CC now has a presence in the Bayview, they serve everyone, she wanted to clear the misconception that is not only for Catholics. Their mission and work reflects that commitment to Catholic Charity but not to whom they serve. They are one of the oldest and largest human service programs in the Bay Area. Homelessness, housing, aging, children and youth providing physical education, camps CYO for kids, refugees' services and advocacy. In Bayview, their focus has been on homeless prevention and refugee/immigrant services. At La Salle, their center and staff are working on homelessness and housing assistance and are getting the word out by doing outreach and focusing on prevention. In the Bayview office, all services are available to all clients. All clients and community are welcome; give her a call if you would like to learn more.

BMAGIC COMMUNITY CONVENER MEETING

Tuesday, June 19, 2018 1:00pm – 3:00pm PST

Hosted at: 1800 Oakdale Avenue, San Francisco, CA 94124

Facilitated by: Lyslynn Lacoste, Frank Martinez and Moira Dumo, - BMAGIC STAFF

Liza Hand lhand@catholiccharitiessf.org 415-972-1223

Erick Brown, their Homeless Prevention Worker shared how they approach Homeless Prevention. Homeless Prevention means, families and individuals have assistance in securing their housing, often doing eviction prevention. Their program has City County and Mayor's office funding, in 9 Bay Area counties. Open the door to your clients and agencies, one way they can help, is working with the agencies in the neighborhood to make a collaborative plan for the family and individuals to have a case manager a plan. If the client is already working with you, they do not have to come to Catholic Charities. CC can help you facilitate the work and can work with you for them, send them the application and you can access CC services and the client still works with you. In the end, it will serve the client better. Most cost effective to help keep the family in their home, than to help them find a new place with first and last. Have many families moving out, want to keep the families in the city they love and live. Have support to help families move out of homeless to affordable housing. They can provide rental assistance. With legacy, open door legal, Salvation Army, have a list of open housing for qualified families. Need income verification to make sure they can afford the ongoing rent. Long-term plan subsidy plan for a family for rent assistance. Referred from the city navigation program. Can drop in; use the mayors website, not one list, only that notify them. How has the impact used, have spent all their current fiscal year, waiting for next fiscal year July 2018. They have helped 400 clients citywide since November. Smaller than other cities for homeless population, trying the one system access point which is the system we use in San Francisco. 3rd and La Salle, right now open to families, live on streets, cars, doubled up, issues maintaining their housing. Can help pay rent for some so they can keep their housing, but can't help them in a situation where the client cannot continue to pay rent or meet their expenses, in that case they would help them access and find affordable sustainable housing elsewhere. They use an assessment to measure the level of need. It is a process and it takes time. If a client were homeless, they would have to be referred to a shelter until things open up. It is hard to provide clear answers each case is different. A new person will most likely have to go in a shelter, do your 90 days you will have priority for some kind of housing, like SRO. They work with the Dept. of Homelessness and CC also has an HIV program for HIV folks, all programs are always available if qualified. Catholic Charities is hosting a resource fair on July 11th, it is a homeless resource fair. You may contact Jose Cartagena at 415-430-6320 for the Bayview Access Point and 415-430-6319 for the Homeless Prevention Program, email is JCARTAGENA@catholiccharitiessf.org

SF Bicycle Coalition – Christopher White – Community Education Program Coordinator - SF Bike Coalition – Christopher introduced himself and said hanks for having us, talk about their programs in the BVHP and the city. They exist to promote bicycling in SF, advocacy, education and partnerships, more accessible to everyone in SF. The program offers classes at no cost for all levels throughout the city. How to stay safe, they come to you and your community. Street

BMAGIC COMMUNITY CONVENER MEETING

Tuesday, June 19, 2018 1:00pm – 3:00pm PST

Hosted at: 1800 Oakdale Avenue, San Francisco, CA 94124

Facilitated by: Lyslynn Lacoste, Frank Martinez and Moira Dumo, - BMAGIC STAFF

side outreach at events, do light touch education through interactive trivia game etc Sunday streets, in the BVHP, had at Y, 101 class, Bayview Sunday street, end of May intro Chinese speaking events. Intro miles, bike build program refurbish them at no cost to neighborhood residents, take reclaimed bikes, have volunteers that work to refurbish the bikes at industrial and identify community orgs to help deliver bikes. Over 11 events, over 300 bikes, rarities, cycle, BVHP y, 100 percent, Libra ray and many others. July 8th having a combined class and bike build with adult learn to ride, will have the class in the Bayview, at NOW Hunters Point. Teach the same way to adults and kids, teach without pedals first, then balance, then intro peddling. Less than 3 hours, have had people learn. Combining class models, with MTA contract, have 15 slots each time, for bike build and 20 for general community and help redistribute reclaimed stolen bikes. Upcoming work at NOW Hunter's with our backpack giveaway, more than 50 bikes. They are also working with YCD to identify community, if interested please contact Chris or Miles. 18 or older new to bicycling and otherwise difficult to access bikes, not bike repair currently, miles, has volunteers at bike builds, learn how to do the maintenance. Partner with other bike agencies, no repair program now, but in the talks. They also host the bike equity network. You can reach Chris at Miles at Christopher White, Program Coordinator for Adult Education, christopher@sfbike.org and Miles Stepto, Program Coordinator for Community Bike Builds, miles@sfbike.org

PROGRAM DEVELOPMENT

- 1. BTS Event & Giveaway** – Volunteer Events – Bike Building with SF Bike Coalition Highlight early stuff, boot camp and eco center, extra raffle for bike giveaway. Any connections for hair cutting and grooming for the youth please let us know. Volunteer ask, commit to work...9-12pm and 12-3pm for Back Pack Giveaway.
- 2. HRC & BMAGIC Workshop** – thank you to everyone that participated. It was a great two part workshop where we explored diversity in our changing Bayview. The participants were able to share their views and Citizen Film created a video message out of it. See it here – [Video Link](#)
