Overview
Who We Are

**Lyft**
Lyft owns and manages the largest bikeshare systems in the US, including five Bay Area cities, New York, Chicago, and Portland.

**SFMTA**
Bay Wheels has a public/private partnership with the SFMTA.
Bikeshare

- Pick up/drop off at any Bay Wheels station.
- Fills the critical “last-mile” gap between BART stations, bus stops, and final destinations.
- Helps relieve traffic congestion and reduces demand for private vehicles.
- Affordable, sustainable, and fun!
Stations in the Bayview
Ebikes
**Ebike features**

**Pedal assist**
Pedal assist helps bikers get up hills easier, reach top speed faster, and merge with traffic confidently. The motor automatically engages when pedaling (up to 18 mph).

**Parking Options**
To end your ebike ride, place ebike in a dock at any Bay Wheels station or use the cable to lock to any bike rack within the service area.
• Relaunched ebikes in December
• Bayview is located in the service area
• Call 311 if an ebike is parked in public right of way
