PRESENTATIONS

- ◇ **Black Women Revolt Against Domestic Violence**
 - ❖ **Presenter Info:** Paméla Michelle Tate, Ph.D. (Co-Executive Director)
pam@blackwomenrevolt.org <https://blackwomenrevolt.org/>
 - ❖ **Presentation Notes:** New organization open for 1 calendar year, Oct. 1st was their first anniversary. Funded by HRC under Dreamkeeper Initiative/Defunding the Police. Provide Support for Black families, specifically women, who are experiencing domestic violence. Program was developed based on the need for domestic violence services for Black families. Geoffrea Morris & her sister Lyntise Jones founded Black Women Revolt Against Domestic Violence. They started with a [documentary for domestic violence awareness month](#). Pamela leads day to day operations and educational programming, Geoffrea is the attorney who handles restraining orders, advocacy and policy and divorces. Inter-state legal issues have law school volunteers to assist. Taylor is the youth prevention specialist and working on forming a Youth Advisory Council (YAC) funded by Cal OES, to focus on helping young people identify and be in healthy relationships. Jaida does community outreach.
 - ❖ **Questions:**

Brittany - How do you get involved with your organization? Do you host events or rallies? Currently, taking youth to fill the youth advisory council & looking for legal assistants. If someone comes in who is pregnant, they will add screenings with a gynecologist to see if people are feeling safe in their relationships. Working to standardize that in the state of California and need volunteers to help with that. Educational trainings, course coming up in January - 44 hour domestic violence advocate course. Different resources available, cultural competency and work with Black families suffering through domestic violence. Monthly Crucial Conversations with different vendors & organizations who work with domestic violence survivors. Partnering with CAL OES for a mobile health clinic at 501 Cesar Chavez 2 days a week for COVID testing & boosters, mental health services and general practitioner medical assistance.

Betty - How do people get connected to your org if in crisis? Contact Dr. Tate directly - pam@blackwomenrevolt.org

Alida - Do you have support groups for survivors? Connect them with support groups but are not planning to do any until next year. They have access to groups through Women, Inc. who have trans and standardized groups.
 - ◇ **Vision to Learn**
 - ❖ **Presenter Info:** Saretta Raheel, MBA (Program Manager - Northern California/Bay Area) saretta.raheel@visiontolearn.org
 - ❖ **Presentation Notes:** Provide glasses, screenings and examinations to low-income communities and school districts through MOUs, but during spring break, summer break and holidays when schools are closed they offer services to outside

BMAGIC COMMUNITY CONVENER MEETING

organizations. They are funded by private donors and school districts so services to outside organizations are in-kind. Serve ages 5-18. Everything is mobilized on a 22 foot sprinter where exams are done. Go through a 65% Title I Free and Reduced Lunch Program, aim for over 44%. Many Black & Brown schools have the urgency so Saretta picks schools from that percentage. Currently in 18 states, seen over 400 kids just in California. Opticians screen the population then decipher who passes/fails. The number of fails determines the number of days for exams. Children select their glasses and within 4-6 weeks, Vision to Learn will get glasses, set up dates and go back out to fit the glasses on the child. In the process of adding new districts and outside organizations.

❖ **Questions:**

Brittany - Is vision to learn offered in schools solely? Organizations and schools. They follow the school calendar but for school breaks they reach out to organizations with children ages 5-18. During the school year, Saretta reaches out to continuation schools. **Do you pull up in a trailer or set up shop?** Organizations are an event-style mobile clinic. For schools, they drive personal vehicles for screenings then when they know the examination they will drive the mobile clinic. For organizations they will drive the mobile clinic, screen and do exams at the same time. They can screen 30 kids in 2 minutes. Examinations are up to 13 kids a day. Based on the populations of how many kids fail, that determines how many mobile clinics will be on site. **When you host events in the community, do you have a community calendar or is it dependent on the organization if they want to share?** Most info is shared by the school or organization.

Keeshemah - Do you do preschools? The eyes have not fully developed and some children can't read letters or numbers, so the starting point is 5 years old. If children are almost 5 by a month or 2, then yes. **How many kids for you to come out?** If there is a need, Saretta will come out.

Moira - Is there a warranty on the glasses? Glasses have a 1 year warranty. Child information provided at the screening from parents/guardians is attached to the prescription and glasses will be sent out within 4-6 weeks. **Since your MOU with SFUSD isn't in place yet, can organizations schedule you anytime during the school year?** Because there is no MOU in place, they can't schedule anything unless you are an outside organization not a school. Would have to be on a Saturday or when schools are closed - Thanksgiving, Christmas, Spring Break.

Alida - Do you schedule with principals or what is the process if interested? Send Saretta school name to see if it falls under guidelines and service area. Schools need an MOU in place, charter and independent schools don't need an MOU. SFUSD MOU is being executed, the Warriors and private donors just gave them funding for San Francisco.

GENERAL ANNOUNCEMENTS

- ◇ [General Announcements Shared Drive](#) - Email Moira to share General Announcements: moira@bayviewmagic.org
- ◇ **San Francisco County Transportation Authority, David Long** david.long@sfcta.org - Doing a school access plan to understand how to help K-5 caregivers get to school easier. [Take the survey here](#) until Sunday 11/20. Is this to support getting students to school on time? Based on a 2016 survey, medium to long distance trips were stressful for SF caregivers. This is follow-up planning work to identify strategies for the city to pursue to improve school transportation such as encouraging carpooling, potentially implementing shuttle programs, bike lending library, designated transportation coordinators at school sites, etc. Plan will come out in 2023 to advise stakeholders and the district about where resources should be invested. Have you contacted SFUSD family liaisons? Working closely with SFUSD who are involved in the program but not directly with liaisons. Alida will send advisory committees to David.
