WHO: Girlfly

WHAT: Youth Programs - Girlfly Summer Art & Activism Program

WHERE: Space 124 - 401 Alabama Street

WHEN: Application due: Monday, May 1, 2023

CONTACT: [Apply Here!](#)

NOTES: GIRLFLY 2023 is in the Mission District of San Francisco. The program is for SF-based teen girls and GNC youth ages 14-19 who are strongly interested in performing and making positive change in the world and can commit to attending the entire 4 weeks of the program. This year we will create both aerial dances and dances in an urban garden. We will also create a cooperative visual arts project, and practice writing as activism. Looking at systems of belonging and identity, students will respond to the question: "What do you carry to lands you now live, from lands you have come from?" This question recognizes land stolen from native people; the experience of immigrant and first-generation youth; and the hope for safe space now and in the future. We will create amulets from real and imagined objects; we will create collaborative murals, writing as activism statements, and dances that explore how you carry yourself in your body. For more information: [See More Here](#)

Please note that the screening includes highly sensitive content matter and viewer discretion is suitable for transitional-aged youth and adults. ASL or language translation request please contact us by March 27, 2023, at sharp@sfgov.org Triggered Life is a multi-sensory, multimedia, post-traumatic story. How exactly does sexual trauma cast a shadow over the wholeness of Black male selfhood? When the shared cultural values of Black and Brown communities demand that men suppress their vulnerabilities and meet with their psychology alone. Triggered Life follows a day in the life of two such men, Ishmael and Keith. As these men relive their stories of abusive childhoods, they embark on a journey to define their own manhood and identity. The "Triggered Life" experience is a 90-minute long tour de force in Act 1 followed by a grounding/processing session in Act 2 facilitated by Harvard University's Roxann Mascoll MS MSW, LICSW.
